

## On the Subject of Souvenir

*Something to remember your explosion by.*

Souvenir asks questions about the state of other modules that you solved prior. Answer all the questions correctly.

If a module reset itself upon a strike, the question about it is assumed to refer only to successful runs or stages.

If the answers are audio clips, tap an answer once to hear the clip and tap it again to submit it as your answer.

### Questions that may come up:

...?

What was the displayed number?

❖

What were the flashes?

↙ ↘

Which arrows were shown?

---/---/---

What were the display words?

0

What was the starting number?

1000 Words

What were the words shown?

100 Levels of Defusal

What were the displayed letters?

1, 2, 3 Game (The)

What was the opponent's avatar and name?

1D Chess

What were your and Rustmate's moves?

21

What was the displayed number?

**3D Maze**

What were the markings?

What was the cardinal direction?

**3D Tap Code**

What was the received word?

**3D Tunnels**

What were the goal symbols?

**3 LEDs**

What was the initial state of the LEDs?

**3N+1**

What number was initially displayed?

**4D Tunnels**

What were the goal symbols?

**64**

What was the displayed number?

**7**

What were the LED colors for each stage?

What was each channel's initial value?

**9-Ball**

What were the numbers on each ball?

**Abyss**

What were the characters displayed?

**Accumulation**

What were the background and border colors on each stage?

**Adventure Game**

Which correct items did you use?

Which enemy were you fighting?

**Affine Cycle**

Which direction were the dials pointing?

What was written on each dial?

**Alcoholic Rampage**

Which mercenaries were displayed?

**A Letter**

What was the initially displayed letter?

**Alfa-Bravo**

What final letter was pressed?

What letters were to the left and right of the final one?

What was the last digit on the small display?

[Question]

[Answer 1] [Answer 3]  
[Answer 2] [Answer 4]

**Algebra**

What were the first two equations?

**Algorithmia**

What were the starting and goal positions?

What color was the bulb?

Which numbers were present in the seed?

**Alphabetical Ruling**

What were the letters and numbers displayed in each stage?

**Alphabet Numbers**

What were the numbers on the buttons in each stage?

**Alphabet Tiles**

What were the letters shown during each cycle?

What was the missing letter?

**Alpha-Bits**

What characters were displayed on each screen?

**A Message**

What was the received message?

What was the initial color sequence?

**Phosphorescence**

What were the button presses and the offset?

**Pickup Identification**

What pickups were shown?

**Pictionary**

What was the code?

**Pie**

What were the digits shown?

**Pie Flash**

What numbers were displayed?

**Pigpen Cycle**

Which direction were the dials pointing?

What was written on each dial?

**Pink Button (The)**

What were the displayed words and their colors?

**Pinpoint**

What were the given point coordinates and distances?

**Pixel Cipher**

What was the keyword?

**Placeholder Talk**

What was the entire first phrase?

**Placement Roulette**

What were the character, track, and vehicle listed?

**Planets**

What was the planet shown?

What was the correct color for each strip?

**Playfair Cycle**

Which direction were the dials pointing?

What was written on each dial?

**Poetry**

What were the answers you pressed in each stage?

**Pointless Machines**

What colors flashed?

**Polygons**

Which polygons were present?

**Polyhedral Maze**

What was the starting position?

**Prime Encryption**

What was the displayed number?

**Prison Break**

Where did the prisoner and defuser start?

**Probing**

What were the missing frequencies in each wire?

**Procedural Maze**

What was the initial seed?

**Purple Arrows**

What was the target word?

**Purple Button (The)**

What were the numbers in the cyclic sequence?

**Puzzle Identification**

What game did each puzzle come from?

What was the name and number of each puzzle?

**Puzzling Hexabuttons**

What letters were shown during submission?

**Q & A**

What questions were asked?

**Quadrants**

What were on the buttons at each stage?

**Quantum Passwords**

Which words were used?

**Quantum Ternary Converter**

What were the numbers?

**Quaver**

What was each sequence's answer?

**Question Mark**

What were the flashing symbols?

**Quick Arithmetic**

What were the digits and colors in both sequences?

*continued on next page...*

**Quintuples**

What were the numbers and colors in every slot?  
How many numbers were there of each color?

**Quiplash**

What number was shown?

**Quiz Buzz**

What was the number initially on the display?

**Qwirkle**

Which tiles did you place?

**Raiding Temples**

How many jewels were initially in the common pool?

**Railway Cargo Loading**

What were the coupled cars?  
Which freight table rules applied?

**Rainbow Arrows**

What was the displayed number?

**Recolored Switches**

What were the LED colors?

**Recursive Password**

What were the incomplete words?

What was the password?

**Red Arrows**

What was the starting number?

**Red Button't**

What was the displayed word?

**Red Cipher**

What was on each screen?

**Red Herring**

What was the first color flashed?

**Reformed Role Reversal**

What did the solving condition state?  
What were the final wires?

**ReGret-B Filtering**

Which calculations were used?

**Regular Crazy Talk**

What was the displayed digit that corresponded to the solution phrase?

What was the embellishment of the solution phrase?

**Reordered Keys**

What were the labels, their colors, and the colors of the keys initially in each stage?  
Where was the pivot in each stage?

**Retirement**

Which houses were on offer, but not chosen by Bob?

**Reverse Morse**

What were the characters in each message?

**Reverse Polish Notation**

What characters were used in each round?

**RGB Encryption**

What were the Morse code and color sequences?

**RGB Maze**

Where were the exit and keys of the maze?

What was the maze number for each maze?

**RGB Sequences**

What were the colors of each button?

**Rhythms**

What was the color?

**RNG Crystal**

Where were the taps?

**Robo-Scanner**

Where was the empty cell?

**Robot Programming**

What were the shapes and colors of the robots?

**Roger**

What four-digit number was given?

**Role Reversal**

What was the condition digit that solved the module?

What colors were the internal wires?

**RPS Judging**

Which stages did each team win/lose/tie?

**Rule (The)**

What was the rule number?

**Rule of Three**

What were the positions of each sphere on each axis in each cycle?

What were the coordinates of the vertices?

**Safety Square**

What were the displayed digits?

What was the special rule?

**Samsung (The)**

Where was each app?

**Saturn**

Where was the goal?

**Sbemail Songs**

What were the displayed songs in each stage?

**Scavenger Hunt**

Which tile was correctly submitted in the first stage?  
Where were the red, green, and blue tiles in the first stage?

**Schlag den Bomb**

What were the contestant's name and both scores?

**Scramboozled Eggain**

What were the encrypted words?

**Scripting**

What was the data type of the variable?

**Scrutiny Squares**

What was the modified property of the first displayed square?

**Sea Shells**

What were the phrases?

**Semamorse**

What were Morse and semaphore letters and color used for the starting value?

**Sequencyclopedia (The)**

What sequence was used?

**S.E.T. Theory**

What equations were displayed in each stage?

**Shapes And Bombs**

What was the initial letter?

**Shape Shift**

What was the initial shape?

**Shifted Maze**

What were the colors of the markers?

**Shifting Maze**

What was the seed?

**Shogi Identification**

What was the displayed piece?
